Devil Me

Millencolin

Yes, I'm a Yugoslav, indeed a Swede
Got two brothers, girlfriend, dad and mom
Good boxer shorts I need, lots of maps I read
I would love to run my own farm
I like the Beatles, funk and punk
I watch hockey, basketball, play chess
I eat veggie-junk and I love Super Chunk
To boule and travel I say, 'Yes'
All this I adore, at the same time, it's just me
It's what I care for, it's what I wanna be
I want it all, I want it all to stay right here
I want it all to be a part of Slick Nick's sphere
I want it all to be sincere wherever I go
Lisa, Madonna are girls who know where it's at
And Dr. Kris is a favorite rocker
My main star Miat, we have a car Fiat
Still my dearest sport is soccer
I'm not an Ace Of Base, it's what I face
But, yeah, I think it's king to sing

Sailingboats I chase, I'd like to go into space
Riding my Silverfox is the real thing
All this I adore, at the same time, it's just me
It's what I care for, it's what I wanna be
I want it all, I want it all to stay right here
I want it all to be a part of Slick Nick's sphere
I want it all to be sincere wherever I go
Wherever I go, wherever I go
Wherever I go
All around the world I go
Pennybridge, Belgrade and even T.O.
I want it all, I want it all to stay right here
I want it all to be a part of Slick Nick's sphere
I want it all, I want it all, I want it all
I want it all to stay right here
To be a part of Slick Nick's sphere
I want it all to be sincere wherever I go
