

The Fight

Sia

We are born, we are born
We are born, we are born
We are born, we are born
We are born, we are bornWe are born, we are born
We are born, we are born
We are born, we are born
We are born, we are bornWe are born
Without a care
As we grow old
Become awareAs we grow tall
Begin to falter
We want to know ourselves
Give love to allBut we falter, yes, we are human
Yes, we anger, we feed the hunger
Yes, we push through, just me and youWe made it through the darkness to the light
Oh, how we fought yet still we won the fight
Oh, yes, we stand togetherA fantasy for you and me
Though beauty lies in reality
No need to fear, the truth sets us free
We're all looking for love and harmonyBut we falter and yes, we are flawed
As we play victim with such conviction
And we play bully, both you and meWe made it through the darkness to the light
Oh, how we fought yet still we won the fight
Oh, yes, we stand togetherTook it day by day, worried we would fail
How we flailed and we wailed and we screamed in pain
Take it step by step, we could not forget
The wounds we felt, how we screamed for helpAnd the dark, dark nights when you held me tight
And we'd wait for light to rescue us
Oh, we were distressed, now we're nothing less
We are strong, we are blessed, we are united, yeahWe made it through the darkness to the light
Oh, how we fought yet still we won the fight
Oh, yes, we stand togetherWe made it through the darkness to the light
Oh, how we fought yet still we won the fight
Oh, yes, we stand together
