

Resolve

Beth Gibbons & Rustin Man

Time rolls as days go by
And now I've figured that I ain't gonna last
Summer skies are leaving me behind So resolve your loving, said all
I'll be lost when you're gone
Blind me from keep, blind me Times told as days go by
I still ponder this old question why
But now I know there's no time to decide So resolve your loving, said all
I'll be lost when you're gone
Blind me from keep, blind me Daylight knows how my eyes have tired
Like the circles life evermore will bear So resolve your loving, said all
I'll be lost when you're gone
Blind me from keep, blind me
