

Chick Fit (Kissy Sell Out's Excellent Adventure)

All Saints

Boy I can't stand your heat
Got me lying awake
I haven't eaten all week
Got me obsessing all day
Oh what you done to me
Can't stop calling your name
Check me I'm acting all weird[Bridge]
All my girls say boy I'm totally gone
Acting crazy I don't know what I'm on
It's not easy tryin' to put on a front
Baby I'm speechless I don't know what you've done[Chorus]
Boy whenever you call my stomach's in bits
I can't focus at all you got me twisted
I live for that talk when you call me your chick
Just so all the girls know I gotcha for keeps
My coolness is blown I need my fix
In a matter of days I'm not myself
I'm all over the place I get a chick fit
When I hear your name I totally flip Boy you're too hot for me
Can't stop melting away
When I see you I can't speak
Switching when I see your face
Acting like I'm a teen
Waiting outside your place
Boy this is really not me[Bridge][Chorus] Completely lost my mind
Somethings taken over me
Boy you're one of a kind
Just how a man's supposed to be
Acting like I'm a teen
Calling you every day
Boy this is really not me[Bridge][Chorus: x2]
