Whiskey Myers

Take me home to where i know
That place i've come to love so
Sugar sand and red clay hill
Tall pine trees and whippoorwills I know there's a place
When this damn city is more than I can take
I've got to get away when I'm low
I know I can take it back home I live on a lost highway
Mass confusion and misery
Set me free that's where I'll be
Between the neches and the trinity
I know there's place
When this ol'world is more than I can take
I've got to get away when I'm low
I know I can take it back home There's a girl who stole my heart
From where I am we're miles apart
Well she's all mine
She tastes like wine
Wild as a Honeysuckle vine
I know there's place
where she gives me more than I can take
I've got to get away when I'm low
I know I can take it back home... back home!
