

# Fearless

## For Today

We will not, we will not, we will not be afraid  
We will not, we will not, we will not be afraid  
We will not, we will not, we will not be afraid  
We will not, we will not, we will not be afraid  
We are fearless  
Fearless

We made the mark of the uncreated God so what should we fear?  
We bear the scars of the holy risen son so tell me what should we fear  
Every threat is hollow because our victory is already set in stone  
We are the fearless  
We will not, we will not, we will not be afraid  
We will not, we will not, we will not be afraid

Though we stand in this dark valley (we will not be afraid)  
For we know that You are near  
For we know that You are near

I can feel the courage rising in the hearts of the sons of God  
I can feel a fire burning across the Earth we stand as one  
We are not dismayed by the darkness that surrounds us here because we know that when all

Hell closes in, if we stand and fight, we are not alone  
Though we walk through the valley of the shadow of death (we are not alone)  
We will fear no evil for You are near

We are fearless  
We will not, we will not, we will not be afraid  
We will not, we will not, we will not be afraid

Though we stand in this dark valley (we will not be afraid)  
For we know that You are near  
For we know that You are near

We can't stop the kingdom, You'll see me bow at the throne of judgement day  
So let the devil come  
We are fearless  
Fearless  
So let the devil come!
