

Question Authority

Flattbush

Listen to the system has to say
Just be yourself, like you do not care
You're in the land of the free
Unconsciously we divide and detonating ourselves! Privatization in work!
And massive lay-offs we're choke!
Is this the type of leadership we built and hope for? Looking from above
Money transforms your personality
You turn into stone
Following today, it's all in your head
The situation changes
Class contradiction is intense!
Question authority!
True, you can say anything
But the motherfuckers never listens
So unite and overthrow them pigs!
Like immigrant bashing!
Scapegoat of crisis!
The cop of the world is terrorizing
Making fascist! Question authority!
Act, lets change society!
