When It's Time

John Gallagher, Jr.

The words get trapped in my mind
I'm sorry I don't take the time to feel the way I do
'Cause from the first day you came into my life
The time ticks around you, and then I need your voice
As a key to unlock all the love that's trapped in of me
So tell me when it's time to say I love you
All I want is you to understand
That when I take your hand, it's 'cause I want to
We're all born in a world of doubt
But there's no doubt I love you
And I feel lonely for
All the losers that will never take the time to say
What's beyond their mind instead they just hide away
And yet they'll never have someone like you
To grab their hand help them along the way
So tell me when it's time to say I love you
So tell me when it's time to say I love you
