

So-Lo (First Show 4-27-68)

Iron Butterfly

Have you heard about the word
That's going round
Have you heard about the girl
Who put me down
Well, she became aware of the fact
That I was running round
And consequently
my behavior put me down
Have you heard about the word
That's going round
Have you heard about the girl
Who put me down
Well, she became aware of the fact
That I was running round
And consequently
my behavior put me down
