

I Was Lost

Ultimate Painting

I was lost
I was lost in the fog
And the mist was covering me
Cherry cross stretching out as they glow
From the lamps is stopping me to sleep I can lie here and wait for someone to come
I can shout it wasn't to be
And you said I was there
I was a virtue
Figure out or let me go free
I was there
I'd never hurt you
Let me help or maybe just see
Hallelujah is spinning me out
As it burst through the fog in the home
I was lost
Lost with no where to go
Never figured this side of town I could lie here and wait for someone to come
I can shout it wasn't to be
And you said i was there
I was a virtue
Figure out or let me go free
I was there
I'd never hurt you
Let me help or maybe just see
I was there
I was a virtue
Figure out or let me go free
I was there
I'd never hurt you
Let me help or maybe just see Take me back x4
