Tight Fit

Cheap Time

I'm looking for love, dear love
And I'm searching high and low, oh
I need me someone to wrap his arms around me
And to never let me goI found a man who seemed to be just right
He took my love and then he said goodbye
Now I, I spend my nights alone, looking for myTight fit, tight fit
Got to find me the right fit
Tight fit, tight fit
Do you have the right fit?Tight fit, tight fit
Got to find me the right fit
Tight fit, tight fit
Looking high and low, yeahI went to him down with the fever
And you know he had the cure, yes, he did
He held my heart in palm of his hand
He made me feel secure, I knew he wouldHe seemed to be having so much fun
The clock struck one then he had to run
Now I, I spend my nights alone looking for myTight fit, tight fit
Got to find me the right fit
Tight fit, tight fit
Do you have the right fit?Tight fit, tight fit
Got to find me the right fit
Tight fit, tight fit
Looking high and lowTight fit, tight fit
Got to find me the right fit
(High and low, yeah)
Tight fit, tight fitTight fit, tight fit
Got to find me the right fit
(High and low)
Tight fit, tight fitI know your up there, baby
Come to meTight fit, tight fit
Got to find me the right fit
Tight fit, tight fit
Got to find me the right fitTight fit, tight fit
Got to find me the right fit
Tight fit, tight fit
Looking high and lowTight fit, tight fit
Got to find me the right fit
Tight fit, tight fit
Do you have the right fit?Tight fit, tight fit

Got to find me the right fit
Tight fit, tight fit
Would he be the one to?Tight fit, tight fit
Got to find me the right fit
Tight fit, tight fit
Could you be the one with the right fitTight fit, tight fit
Got to find me the right fit
Tight fit, tight fit
Could he be the one to?Tight fit, tight fit
Got to find me the right fit
