Eyes On You

Bianka

verse #1--

i ought to let you know, i'm loving how you flow the way you move it boy, i start to lose control

on me your eyes are locked watching my body rock

i'm looking right back atcha oh yeah it's getting hot

-pre chorus-

meet me on the dance floor show you what I got in store
put your hands around my waist

i'll give you just a little taste â€¦yeah

(chorus) eyes on you

i got my eyes on you i got my eyes on you

eyes on you

i got my eyes on you i got my eyes on you

eyes on you

I got my eyes on

verse #2--

i wanna touch you so

i bet you just don't know make you feel love

the kind you've never known

i wanna see you come hate to see you go make you feel in love

the kind you've never known

-pre chorus-

you're with someone but I don't care for you I'll be there

my love will keep you, honey

if you come and hold meâ€¦yeah

eyes on you

i got my eyes on you
i got my eyes on you

eyes on you

i got my eyes on you
i got my eyes on you

eyes on you

Verse 3

now that I got you close don't wanna let you go the rhythm's moving fast as we're grinding slow

i wanna see you come hate to see you go make you feel in love

the kind you've never known

-pre chorus-

your with someone but I don't care for you I'll be there

my love will keep you, honey

if you come and hold me - yeah

eyes on you
