Out Of Control

Rocket from the Crypt

Advisory - the following lyrics contain explicit language:

I'm a burning village
I can't control myself
Like a free bird floating
I'm never askin' for helpMy purple robes disgrace
Drawn into their black embrace
Go more places, make more lies
Hiding secrets under rocks, my hellIt's mighty low, I'm out of control
Eternal 24's all I've sold, it's my hell
It's mighty low, I'm out of control
Eternal 24's all I've soldWritin' a witch
Up in my will
I've got no defense
Against myselfMy fingers crossed already
That's not bull that's on the way
Hog me in and wash me up
I'm beggin' first, God, save me please from hellIt's mighty low, I'm out of control
Eternal 24's all I've sold, it's my hell
It's mighty low, I'm out of control
Eternal 24's all I've sold
