

# Be That Easy

Sade

You baby, were like the sky  
You held me up to let me fly  
That's just like you to tell me  
I've nothing to fearBut I am a broken house  
I'm holding on a broken bough  
Now it's easy for me to seeIt couldn't be that easy  
It had to be much harder  
That's just like you to tell me  
I've nothing to fearBut I could have been falling free  
Falling all these years  
Now it's easier for me to seeFull of air  
Sun on my face, wind in my hair  
Falling downFlying as slow as I can  
I'm not trying to reach the land  
Just falling somewhereIt couldn't be that easy  
It had to be much harder  
Meanwhile, boy, I love you
