Loosen Up

Rubin Mitchell

Are you readyI said, "I've had enough, got to get away"
It's about that time got to get away
Get a little closer to a fast car
Get away from the grind it's about that timeEvery damn day we're under pressure
About to lose it, lose my mindI need to loosen up, loosen up
I need a little juicin' up
I've been hangin' from the noose
Baby won't you cut me loose
Come on everybody loosen upI need it fast I'm in need of the buzz
When we're all together I'm in need of the buzz
Like a time bomb I'm about to explode
We've got to come together before I blowI'm spendin' too many days under pressure
About to lose it, lose my mindI need to loosen up, loosen up
I said, "I need a little juicin' up"
I've been hangin' from the noose
Baby won't you cut me loose
Come on everybody loosen up, loosen upEvery damn day we're under pressure
About to lose it, lose my mindI need to loosen up, loosen up
I need a little juicin' up
Get into your body, it's time to start a party
Come on everybody loosen upI need to loosen up, loosen up
I need a little juicin' up
Hangin' from the noose
Baby won't you cut me loose
Come on everybody loosen up, loosen up, loosen upEverybody, everybody loosen up
