

# I Loved The Way She Said L.A.

## Spitalfield

Say the things you say  
And youre dreaming like you do  
You know sometimes circles run around you  
Hey, now lets be honest, I really think its true You know sometimes we all bend the rules  
You've runned a life  
You've been around  
You love to live, to hate this town And I hope and dream just like you do  
Yeah, weve been here twice before  
You want it to mean so much more  
And I hope that every thing goes through She goes to California, oh  
California is not so far  
When I close my eyes and wonder where you are  
And you wish upon a star  
Two thousand miles doesn't seem so far You play the games you play  
You win sometimes, you loose  
You know sometimes walls run into you  
Now you got me thinking and I really think it's true The sun shines sometimes just for you  
You've runned a life  
You've been around  
You love to live, to hate this town And I hope and dream just like you do  
Yeah, weve been here twice before  
You want it to mean so much more  
And I hope that every thing goes through She goes to California, oh  
California is not so far  
When I close my eyes and wonder where you are  
And you wish upon a star  
Two thousand miles doesn't seem so far So far, so far, so far
