

# Hold On Tight

## Oktaves

So wicked  
In the way he moves  
Don't miss it  
Do not be a fool It's a long way  
It's a long way home  
Light inside of me  
It ignites my bones He comes to me in my dreams  
And tells me what I need to know  
He makes me feel so at ease  
He guides me to the lights above  
I just wanna fall into his arms tonight  
Someone tell me I, I will be alright  
Hold on tight Remembering, I forever will  
Surrendering, just how we felt It's a long way  
It's a long way home  
Light inside of me  
It ignites my bones He comes to me in my dreams  
And tells me what I need to know  
He makes me feel so at ease  
He guides me to the lights above  
I just wanna fall into his arms tonight  
Someone tell me I, I will be alright  
Hold on tight And when it's all the thunder & rain  
The cinema is fading away  
I gotta make my way through the night  
Holding on with all of my might  
And when I'm lost, and I can't find the way  
I'll feel the pieces breaking away  
Hold myself with all of my might  
Don't let go  
Just hold on tight He comes to me in my dreams  
And tells me what I need to know  
He makes me feel so ease  
He guides me to the lights above  
I just wanna fall into his arms tonight  
Someone tell me I, I will be alright  
Hold on tight
