Trouble (Jared Jones Club Mix)

Willam

Back of the club givin what I got
Workin what I have gettin what I want
Just another night don't come here to fight
Wanna get with this baby gotta get it rightThey're all watchin
They're all watchinEverybody stare and everybody like
Imma work it out til the middle of the nightCause I'm trouble
On the floor
Trouble
On the floor
Trouble
On the floor
Baby turn it up and I'll give you moreGet out of my way
Just let the music play
Get out of my wayThis is my time this is my shot
Workin like I run the place ain't ever gonna stop
Doin my thing and makin my mark
Kickin ass and takin names here dancin in the darkCause I'm trouble
On the floor
Trouble
On the floor
Trouble
On the floor
Baby turn it up and I'll give you more
