

Who Cares? (As Long As You Care For Me)

Rufus Wainwright

Who cares if the sun cares to fall in the sea?
Who cares what banks failed in Yonkers?
As long as you've got a kiss that conquers Why should I care?
Life is one long jubilee
As long as I care for you, and you care for me Who cares if the sun cares to fall in the sea?
Who cares about a bank that failed in Yonkers?
As long as you have got a kiss that conquers Why should I care?
Life is one long jubilee
As long as I care for you, and you care
You care, baby, for me
