Trans Fatty Acid (K&D Mix)

Lamb

No one said it would be easy
Did anyone tell you the road would be straight and long?
Relax your mind and give it all to me
'Cause you know and I know our love is strong enoughTo weather the rain
To weather the snow
To weather the storm
To weather the rain
To weather the snow
To weather the stormOften I see fear in your eyes
And sometimes I know your heart is full of little arrows
But trust in me and no one can do you wrong
'Cause I know and you know our love is strong enoughTo weather the rain
To weather the snow
To weather the storm
To weather the rain
To weather the snow
To weather the storm
To weather the rain
To weather the snow
To weather the storm
To weather the rain
To weather the snow
To weather the storm
