

# immature

æ —æž—ã•;ã•ã®Ÿ

How could I be so immature ?

To think he could replace  
The missing elements in me  
How extremely lazy of me  
How could I be so immature ?

To think he could replace  
The missing elements in me  
How extremely lazy of me  
How could I be so immature ?  
How could I be so immature ?
