

# Be Ever Heard

## Darkseed

Long time ago my work began  
Completed now, when I'm a man  
I drunk the wine of paradise  
Much force I gained with many sighs" Now You cease away, You come to me  
You leave Your world with grim and cry out loud" I really know the uses of the world  
The voice I always hear, be ever heard! I won't stop here, but gently pass  
I will sink ere night be passed  
I happy child of earth was I  
bright as a star in our skies!
