

# Tug-O-War

## Chevelle

Feed the cut and get in line  
To live and burn is tug-o-warRapedGo back and forth until it's learned  
To suffer now or nothing's gained  
Then wake within a freezing sweat  
Push and pull, collecting doubtStarting seedsLost inspiration, panic on the rise  
A severed attempt ignoredRapedThe reason never outweighs the truth  
So backing up and lean against  
The liars club cometh shame  
Wasting farther collecting doubtStarting seedsLost inspiration, panic on the rise  
A severed attempt ignoredSo hand it off, don't care enough  
'Cause ignorance, is in blissful reachLost inspiration, panic on the rise  
A severed attempt ignoredLost inspiration, never played the game  
A severed attempt ignoredFeed, the last head trip
