

# Keep in Touch

Robert Palmer

(Robert Palmer) We got to keep in touch

We fit just like a glove girl

Between the two of us

There always will be love there I don't mind if I don't hear a word from you in years

If you blow my candle out I will fall to tears Knowing your still lovin' makes me want it to be real Darlin' you've

just got to let me know the way you feel We got to keep in touch

We fit just like a glove girl

Between the two of us

There always will be love there I know when I'm kissin' you you're easin' from behind

Too much solitude can make a body lose his mind

When I get that burnin' need to share what we have found

I have faith that you will let me know you're still around We got to keep in touch

We fit just like a glove girl

Between the two of us

There always will be love there Keep in touch girl

Keep in touch girl

Keep in touch girl

Keep in touch girl

Keep in touch girl

Keep in touch girl
