

# Peace And Love

## Mishka

You'll never find a sweeter combination  
As peace and love  
You'll never find a sweeter combination  
As peace and love  
You'll never find a sweeter combination  
As peace and love You said you're tight with the fashionable scene, yeah  
Like a hand in a glove  
You said it's all about champagne and limousines  
And what fills your cup  
But you'll never find a sweeter combination  
As peace and love So you tell me that it's peaches and cream, yeah  
And all your pretty stuff  
You said this sweet life that we're livin' is a dream  
But I'm callin' your bluff  
Because you'll never find a sweeter combination  
As peace and love You said it's all about goin' to the gym now  
And getting real buff  
But like the big bad wolf you can't come in now  
Though you'll huff and you'll puff  
You'll never find a sweeter combination  
As peace and love Oh, peace and love  
Peace and love  
Peace and love  
Peace and love All over this Earth people grieving  
Who have had it so rough  
So don't you try to deceive no one  
And act like you're tough Because you'll never find a sweeter combination  
You'll never find a sweeter combination  
You'll never find a sweeter combination  
As peace and love You'll never find a sweeter combination  
You'll never find a sweeter combination  
You'll never find a sweeter combination  
As peace and love Peace and love  
Peace and love  
Peace and love  
Peace and love
