

Gospel Songs

Chris Hennessee

we can use a few more gospel songs
a whole lot more right and a lot less wrong
a little hope we can hang and know how long
we can use a few more gospel songs
think we all need to hit our knees and pray
sweet Jesus take our sins away
feeling more and more like the end of days
I think we all need to hit our knees and pray

praise the Lord, our sunlight
just as I am, sweet by and by
only way we ever gonna get along
if we all stop singing a few more gospel songs

I think we need to lay our burdens down
on a rocky cross and thorny crown
listen
stand together make a joyful sound
go ahead and lay all your burdens down

praise the Lord, our sunlight
Just as I am sweet by and by
the only way we ever gonna get along
if we all stop singing a few more gospel songs

praise the Lord, our sunlight
rocky cross sweet by and by
Only way we ever gonna get along
if we all stop singing a few more gospel songs
