

# Me And You (With Tyler James Williams)

## Coco Jones

You're spinning round and round in my head, head  
Did you really mean the words that you said, said?

This is it I gotta know

Should I stay or should I go?

Show me the truth

Is it gonna be me and you? You're spinning round and round in my head, head  
Did you really mean the words that you said, said?

This is it I gotta know

Should I stay or should I go?

Show me the truth

Is it gonna be me and you? You're spinning round and round in my head, head  
Did you really mean the words that you said, said?

This is it I gotta know

Should I stay or should I go?

Show me the truth

Is it gonna be me and you? I know you gonna be mad

The feelings that you thought you had

Was for another guy

Well, I'm that other guy

I'm just a shy kid

Camouflaged before your eyes

Then I knew my lyrics were the key to see the other side.

I should have told you but I never had the courage

And I thought you really wouldn't understand.

And now I'm here just to let my feelings surface

Apologizing for disguising who I amTell me are you who I thought you were?

Or who I wanted you to be?

Did you do it all for him?

Or were you only playing me? I did it for you

But I couldn't see it through (but I couldn't see it through) You're spinning round and round in my head, head

Did you really mean the words that you said, said?

This is it I gotta know

Should I stay or should I go?

Show me the truth

Is it gonna be me and you? You're spinning round and round in my head, head

Did you really mean the words that you said, said?

This is it I gotta know

Should I stay or should I go?

Show me the truth

Is it gonna be me and you? You're all I ever wanted but I got caught in the shadow in the background  
But I'm back now  
And Kris was all this and that  
And my look didn't really fit the rap it didn't match  
He had the style and I had the swag so I locked up my feelings in the words he said  
Give me a hand and I'll take off my mask  
If you give me a chance that's all I ask What you expect me to do?  
Cause you were him and now you're you Now it's just me  
And you got me on my knees (and you got me on my knees) You're spinning round and round in my head, head  
Did you really mean the words that you said, said?  
This is it I gotta know  
Should I stay or should I go?  
Show me the truth  
Is it gonna be me and you? You're spinning round and round in my head, head  
Did you really mean the words that you said, said?  
This is it I gotta know  
Should I stay or should I go?  
Show me the truth  
Is it gonna be me and you? You're spinning round and round in my head, head  
Did you really mean the words that you said, said?  
This is it I gotta know  
Should I stay or should I go?  
Show me the truth  
Is it gonna be me and you? Why do I feel so deceived?  
Guess I believed what I wanted to believe  
It's perfect in my dreams  
But nothing's really what it seems (no, no) You're spinning round and round in my head  
Did you really mean the words that you said?  
This is it I gotta know  
Should I stay or should I go?  
Show me the truth  
Is it gonna be me and you? You're spinning round and round in my head  
Did you really mean the words that you said?  
This is it I gotta know  
Should I stay or should I go?  
Show me the truth  
Is it gonna be me and you? You're spinning round and round in my head  
Did you really mean the words that you said?  
This is it I gotta know  
Should I stay or should I go?  
Show me the truth  
Is it gonna be me and you?
