

# Sex sells

## Benefit

It's so unjust  
that we must  
feel inadequacy  
where is your empathy  
I feel a misfit  
wearing this kit  
stereotype me  
that is my feeFree  
to manipulate  
when i stipulate  
that's my prerogative  
I tell you  
Free  
to manipulate  
when i stipulate  
it's going round round  
tell you what i've foundsex sells  
every night and day  
it will be this way  
sex sells  
so what you gotta prove  
when it's all your life to chooseYou play the game  
make me tame  
I have a personality  
Don't care if it's a fallacy  
oh what's the harm  
use that charm  
you gotta show some skin  
make sure your be thinFree  
to manipulate  
when i stipulate  
that's my prerogative  
I tell you  
Free  
to manipulate  
when i stipulate  
it's going round round  
tell you what i've foundsex sells  
every night and day

it will be this way  
sex sells  
so what you gotta prove  
when it's all your life to choose  
Free  
to manipulate  
when i stipulate  
that's my prerogative  
I tell you  
Free  
to manipulate  
when i stipulate  
it's going round round  
tell you what i've found  
sex sells  
every night and day  
it will be this way  
sex sells  
so what you gotta prove  
when it's all your life to choose
