FAKE NEWS

By Don Gilmore copyright 2019

Androgynous talking heads on the cable news  
Lying through their teeth  
While smirking about you  
Snarky little traitors that wouldn't know the truth  
If it hit them in the piehole cause their politics are blue  
Sheeple watching TV as they listen to all the Fake News  
It's Fake News

Teachers in the class are corrupting little minds  
Teaching them to hate and filling them with lies  
Contriving a new history to make them feel ashamed  
The only ones that graduate have mush on their brains.  
As blue as the donkey as they peddle propaganda Fake News  
It's Fake News.

Servants of the people who think that they are their kings  
To get reelected they will do anything  
Except what they were sent to Washington to do  
They use their power just to get control of you  
Cancel anyone who dares to challenge Fake News  
Their Fake News

Fines you if you go to church or throw you all in jail  
Tell us all to stay at home and get out of the way  
While they riot in the streets and try to tear it all down  
Then blame it on the people who stand up to their crime  
Treacherous and evil while they lecture you with Fake News  
Their Fake News  
It's Fake News  
Their Fake News  
It's all lies  
Put on your mask  
Do what we say  
Not as we do  
It's Fake News !
