Downfall

Trust Company

Fear in me so deep
(Ahh)
It gets the best of me
In the fear I fall
Here it comes
Face to face with me
(Fear)
Here I stand
Hold back so no one can see
I feel these wounds
Step down, step down
Step down
Am I breaking
(Breaking)
Down?
Can I break away?
Push me away
Make me fall
Just to see
Another side of me
Push me away
You can see
What I see
The other side of me
Fall back on me
(Ahh)
And I'll be
The strength I need
To save me now
Just come
Face to face with me
(Ahh)
Stay in place
You'll be the first to see
Me heal these wounds
Step down, step down
Step down
Down

Am I breaking
(Breaking)
Down, down?
Can I break away?
Push me away
Make me fall
Just to see
Another side of me
Push me away
You can see
What I see
The other side of me
Side of me, side of me
Side of me
Go
(Fall)
Can I break away?
Push me away
Make me fall
Just to see
Another side of me
Push me away
You can see
What I see
The other side of me
No one can see
Anything on the other side of me
I walk, I crawl
Loosing everything
And waiting for the downfall
No one can see
Everything on the other side of me
I walk, I crawl
Loosing everything
On the downfall
(Fall)
Fall
(Fall)
