Jigsaw Man

Babel Fish

I'm surrounded by myself
Tucked away on a shelf
I am a forgotten elfKids will bring me back real soon
They will have me done by noon
Torn away my safe cocoonI'm the jigsaw man
That nobody can
Really understandMany humans will give up
When my pieces get too stuck
I'm depending on their luckI'm the jigsaw man
That nobody can
Really understandIt's hard to get a piece of mind
Don't know which pieces they will find
I'm the jigsaw man
That nobody can
Really understandIn the end I'll meet the day
Without legs and arms astray
I'll just smile and walk away
I'll smile and walk away
I'll smile and walk away
