I Don't Know a Thing About Love

Conway Twitty

I talk to the man in the moon
I said, "Sir is she coming back soon?"
He smiled and he stated, son I'm over-rated
I've had too much credit in those old love tunesI don't know a thing about love
I just kind of hang here above
I just watch from the sky
Will love grow or will it die?
I don't know a thing about loveThen I asked him where is she tonight?
You must see all things with your light
He said, "Son I could tell you things that might kill you
But I don't get involved in what's wrong or right"I don't know a thing about love
I just kind of hang here above
I just watch from the sky
Will love grow or will it die?
I don't know a thing about loveHe said, "I can move oceans when I take the notion
Or make mountains tremble and rivers run dry"
But in all matters human, remember there's someone
In charge of those things way above you and II don't know a thing about love
I just kind of hang here above
I just watch from the sky
Will love grow or will it die?
I don't know a thing about love
I don't know a thing about love
