

Sinnerman

[Ramon Mirabet](#)

Oh sinnerman, where you gonna run to?
Sinnerman, where you gonna run to?
Where you gonna run to?
All along that day So I run to the rock, please hide me
I run to the rock, please hide me
I run to the rock
Oh lord, lord, lord
All along that day
But the rock cried out "I can't hide you"
The rock cried out "I can't hide you"
The rock cried out
Oh lord, lord, lord
All along that day
I said "rock, what's the matter with you rock?
Don't you see I need you, rock?"
Oh lord, lord, lord
All along that day Don't you see I need you lord
Power! Power, lord!
