

# Gonna Have A Funky Good Time (Doing It To Death)

James Brown

Ah, do it, yeah

Clap my body, her body, my body; clap your body, my body, her body

Clap my body, her body, my body; clap your body, my body, clap your

Body, my body; clap your body, my body, all right We're gonna have a funky good time

We're gonna have a funky good time

We're gonna have a funky good time

We're gonna have a funky good time

We're gonna have a funky good time

We're gonna have a funky good time (Take 'em up) we gotta take you higher We're gonna have a funky good time

We're gonna have a funky good time

We're gonna have a funky good time

We're gonna have a funky good time (Take 'em up) we gotta take you higher (good) (Bad) you can take us up all the way (yeah)

You take us up (take us up) Make me high, make me high, make me high, a natural high, a ghetto

High, giant high, high, high, nothin' but high, downright high

Everybody high; need to get high, down high, yo high Bad, bad, bad, bad, bad, bad, bad, bad, bad, bad, bad, bad, bad, bad, bad, bad, bad

Bad, bad Fred, give them a big round of applause

Hear what I say?

Give 'em a big round of applause Take 'em up

Got to take 'em higher

We gotta take 'em higher
