

When Worlds Collide

Powerman 5000

Now this is what it's like when worlds collide
Now this is what it's like
Now this is what it's like when worlds collide
Now this is what it's like What is it really
That's going on here
You've got your system for total control
Now is there really anybody out there
Now watch us suffer cause we can't go
What is it really that is in your head
What little life that you had just died
I'm gonna be the one that's taking over
Now this is what it's like when worlds collide Are you ready to go
'Cause I'm ready to go
What you gonna do baby, baby
Are you going with me
'Cause I'm going with you
It's the end of all time What is it really that motivates you
The need to fly or this fear to stop
I'll go along when you realize
When we get there I say nine of ten drop
Now who's the light and who is the devil
You can't decide so I'll be your guide
And one by one they will be hand chosen
Now this is what it's like when worlds collide Are you ready to go
Cause I'm ready to go
What you gonna do baby, baby
Are you going with me
Cause I'm going with you
It's the end of all time You are a robot Now this is what it's like when worlds collide
Now this is what it's like
Now this is what it's like when worlds collide
Now this is what it's like What is it really when they're falling over
Everything that you thought is denied
I'm gonna be the one that's taking over
Now this is what it's like when worlds collide Are you ready to go
'Cause I'm ready to go
What you gonna do baby, baby
Are you going with me
'Cause I'm going with you

It's the end of all timeAre you ready to go

'Cause I'm ready to go

What you gonna do baby, baby

Are you going with me

'Cause I'm going with you

It's the end of all timeAre you ready

'Cause I'm ready

It's the end of all time

Are you going

Yeah I'm going

It's the end of all time
