Fresh Fruit

DJ Grumble

In praise of fruit I wrote this song
Because of fruit my heart is strong
Who could estimate its worth?
Fruit's the finest food on earth
Fresh fruit, juice and seeds
Please, don't touch, please, don't squeeze
Fresh fruit, juice and pulp
Like to gulp the whole lot up
Oh, here's another point of view
Fruit is good for doggies too
Rover wags his tail with glee
Yes, when he gets his vitamin C
Have you caught a touch of flu?
And you can't think what to do
Famous doctors all agree
Fruit's the safest remedy, oh
Squeeze them all, yeah
Oh, here's another point of view
Fruit is good for doggies too
Rover wags his tail with glee
Yes, when he gets his vitamin C
Fresh fruit, good and sweet
Makes you want to give up meat
Fresh fruit, ripe and firm
Makes them squealing taste-buds squirm
Fresh fruit, ripe and firm
Makes them squealing taste-buds squirm
Fresh fruit, ripe and firm
Makes them squealing taste-buds squirm
Squealing, squealing
