

# **Apollo**

## **Saiko-Pod**

    Show me a place that ain't hell  
    If there's space, give me room to breathe  
        That is all that I need  
        For this body can't fail  
    And if music be the food of love  
        Play on, give me excess of it  
        Let it all out!  
        Please let me out of here  
        And I shall rise from the ashes  
        Grow like a rose from the ruins  
    There must be light in the darkness  
        Hope at the end of the night  
    Yes, I've been trying all my life to get to Heaven  
        But awoke in the eye of a storm  
        But I shall rise from the ashes  
        Grow from the ruins  
        And return back home  
        This is the call from the gaols  
    Coming up to the prisoners of pleasure  
        Drunk on the blood of the next generations  
    And I've been through many strange confusions  
        Splitting myself into too many faces  
Now the mirror is broken, I can see the worms behind  
        But I shall rise from the ashes...  
        You may well have your ways of triumph  
        You may well have your ways of truth  
        Just gimme some room to breathe  
        That's all that I need  
    That's all that I need, me and my strange friends  
        Take my hand and I'll take you out of here  
        We all belong to the grand astral body  
    And there's you behind these legendary curtains  
        Take my hand before you wither in the crowd  
        I'll take you out of here  
        Take my hands, take my hands  
        This is the end of the show  
    I don't know, was I wrong, was I right?  
        Oh, love, I don't know,  
        I wasn't perfect for sure

But now I feel like a new-born baby  
Lying in the dew of the morning,  
Laughing at the sky, like a brave new Apollo  
And I shall rise from the ashes  
Grow like a rose from the ruins  
There must be light in the darkness  
Hope at the end of the night  
Yes, I've been trying all my life to get to Heaven  
But awoke in the eye of a storm  
But I shall rise from the ashes  
Grow from the ruins  
And return back home  
Back home
