

Anthem

The Incredible Moses Leroy

She fell down,
Dropped it in water,
Kept her ear close to the ground,
Three blind mice better pray harder,
Kept her nose close to the sound. This may be it,
This may be it. He falls down,
But better swim harder,
Keep those wings glued to the ground,
Count on this,
It only makes you smarter,
Look to this when I'm not around. This may be it,
This may be it.
