Not Like You

JJ72

Wrap me up in confidence
Break it down when it suits you
Always separate
No matter what happensAlways needing more
Never content
That's me no capacity
For complete generosityNot like you
Possibly
Please love me
SincerelyClaim you believe it's true
Story could have confused you
Maybe I was wrong
Maybe you were strongTake it out on me
I will fight with thee
Because I need things to
Go wrong when they are rightNot like you
Possibly
Please love me
SincerelyWrap me up in confidence
Break it down when it suits you
Always separate
No matter what happensAlways needing more
Never content
That's me no capacity
For complete generosityNot like you
Possibly
Please love me
Sincerely
