

# I'm Not a Punk

## Descendents

I'm not a punk, how can I be?  
Show me the way to conformity  
Try to be different but it's always the same  
End up playin' someone else's game  
I'm just a square goin' nowhere  
I'm just a square goin' nowhere  
You used to walk by my side  
Now you see me comin' now you hide  
I see you here I see you there  
I can see that you don't care  
I'm just a square goin' nowhere
