Where the Hell Is Babylon

Cockney Rejects

Advisory - the following lyrics contain explicit language:

No matter what the people say
This song leads the way
It's the order of the day
From your boss DJ
I can't see it
Right from the top
To the very last drop
Where the Hell is Babylon?Where the Hell is Babylon? I just wanna know
Heard so much about the place, and now I wanna goWhere the Hell is Babylon? Does such a place exist?
Is it real, or is it a myth, or is it back there in the mist?Alright!Where the Hell is Babylon? I wanna go today
But before I leave the house, I've gotta know the wayWhere the Hell is Babylon? I've heard it's lots of fun
Can I get there on me bike, or straight up the M1?Alright! Lets Go! Alright! Lets Go! Alright! Where the Hell is Babylon!?Where the Hell is Babylon? I just wanna know.
Heard so much about the place, and now I wanna goWhere the Hell is Babylon? Does such a place exist?
Is it real, or is it a myth, or is it back there in the mist?Where the Hell? Where the Hell? Where the Hell?
Where the Hell? Where the Hell? Where the Hell is Babylon?
