Stuck In America

Sugarcult

Today, I changed
It's too late
Cause everyone stayed the same
I'm gone, so long
Break out, cause i'm better off on my own
Today, i changed
It's too late
Cause every town feels the same
I'm different and you're distant
Add it up and it makes no difference
Everybody's talkin 'bout blowin up the neighborhood
Everybody's gonna break it up today
Everybody's talkin 'bout blowin up the neighborhood
Running just to get away
Stuck in America
Stuck in America
I'm lost in America
Stuck in America

Today, I changed
New town with the same old face
One way to shake this place that i can't escape

Everybody's talkin 'bout blowin up the neighborhood
Everybody's gonna watch it burn today
Everybody's talkin 'bout wakein up the neighborhood
I'm still trying to escape
(Chorus)
Today, Today

Everybody's talkin 'bout blowin up the neighborhood
Everybody's gonna break it up today
Everybody's talkin 'bout blowin up the neighborhood
All i ever wanted was to get away
Stuck in America
Stuck in America
Stuck in America
Stuck in America
Get away, Get away, Get away, Get away

(All that shit that you put me through)
Today, I changed
