Inside you

Godhead

I'm not reaching you
Everything you do
Leads to my disgrace
Show me your faceI can see myself inside of you
I can see myself inside of youWhat's beneath your flesh
Hate you can't express
I can trick myself
Like everybody elseI see myself inside of you
I can see myself inside of youLook inside my head
Embedded with the knowledge
Deep within my skin
That I will never know where to beginYour image is above me
Far beyond my reach
I stand alone
And wait for you to teachI'm obsessed with everything you do
I won't stop until you say it's through
I'm obsessed with everything you do
I won't stop until you say it's throughI can see myself inside of you
I can see myself inside of you
I can see myself inside of you
Can see myself inside of you
Can see myself inside of you
Can see myself inside of you
