

# Drink Freely (feat. Rico Love)

## French Montana

Ahhoo (Yeah)

You and your home girls drinkin' on me tonight  
So drink freely (what) Turn the lights on! Drink freely

And holler anytime you need me

Baby you should enjoy yourself

Bossed up need no help

They say fly girls have more fun

Get wasted like we on the run

First we turn the party out

Then I turn shorty out

European car, put your luggage by the engine

I'll be Rothstein then you could be my Ginger

(Montana) Shorty cash out I don't sell dreams

You got a V12? I got 12 V's Do girl, what you do girl?

Got a few more bottles of champagne

For you girl, so drink freely

And if it's true girl that the pretty ones have more fun

Then you should enjoy yourself and holler if you need me

Drink freely Ahoo

You and your homegirls drinkin' on me tonight

So drink freely I need a new girl, I need a few girls

I need a pornstar, I need a schoolgirl

You never stress me, we drinkin' champagne

We livin' stress free

Ain't worry 'bout a damn thing

See you workin' hard, go enjoy yourself

Drop top breeze good for your health

Holler if you need me I'll kidnap you for the month

I throw them doors up and tell her go in for the punt

We don't use G5's, water planes

Land on your surfboard, hop out with my shirt off

(Montana) Gold chains like Notre Dame

Wakin' up wasted, do the walk of shame Do girl, what you do girl?

Got a few more bottles of champagne

For you girl, so drink freely

And if it's true girl that the pretty ones have more fun

Then you should enjoy yourself and holler if you need me

Drink freely Yo P, tell the waitress

Send like 50 bottles over to shorty

Yeah, turn the lights on I can tell when you got dressed tonight  
Girl you took your time  
Might as well have a few shots on me  
Girl the pleasure's mine (yeah)  
And I ain't tryin' to crowd you baby  
I just wanna play my part  
There's a lot of niggas 'round you baby  
But all them niggas do is talk  
And I'm thinkin' where they clash at?  
iPhone 5, check your NASDAQ  
After party's wherever your ass at  
100 grand large in the 'rari where my stash at  
Corny shit I'm past that, TTLO with the hashtag Do girl, what you do girl?  
Got a few more bottles of champagne  
For you girl, so drink freely  
And if it's true girl that the pretty ones have more fun  
Then you should enjoy yourself and holler if you need me  
Drink freely Do girl, what you do girl?  
Got a few more bottles of champagne  
For you girl, so drink freely  
And if it's true girl that the pretty ones have more fun  
Then you should enjoy yourself and holler if you need me  
Drink freely Ahoo  
You and your homegirls drinkin' on me tonight  
So drink freely Rico, hann
