

# A Reason

## TheCityIsOurs

I expect nothing less from you  
Reignite the fire we once knew I would bend over backwards for this  
For the chance to succeed  
I would cry through the hardest of times  
Lift the soil plant the seed  
I would sweat through the heat and the lights  
Take the hits just to bleed  
I'll find my meaning and reasons in life  
For the chance to succeed You gotta give me something to go on  
You gotta give me a reason to start  
You talk a good game  
Now let me see you play  
You gotta give me something to go on  
You gotta put back the fire in my heart  
You talk a good game  
Now let me see you play I can see it in your eyes  
**THAT YOU'RE LOSING THE INTEREST IN THIS**  
And I'm trying to find a way that I can hold it together  
This is everything we wanted  
**SO DON'T YOU DARE GIVE UP ON THIS**  
And it's hard to find the time in which I'd hold you down You said we made it harder  
I said I'd work it out  
We said we'll deal with something  
So don't you let me down Reach out for something with a heart built like stone  
You need to back down while I sit at my throne  
Point your fingers and throw down your names  
I'll make you all feel ashamed You gotta give me something to go on  
You gotta give me a reason to start  
You talk a good game  
Now let me see you play  
You gotta give me something to go on  
You gotta put back the fire in my heart  
You talk a good game  
Now let me see you play **I EXPECT NOTHING LESS FROM YOU**  
**(LESS FROM YOU)**  
**REIGNITE THE FIRE WE ONCE KNEW**  
**(WE ONCE KNEW) X3**
