

# Don't Worry

## Golden Earring

From the Album:

\* Seven tears Today I stayed home and watched the rain

Drip, drop, on my windowpane  
Thought about tears from heaven  
They told me when I was seven

Don't worry!

Don't worry!

refrein:

There'll be sunny days

There'll be rainy days

It's all the same

Don't worry, goodnight it's gonna be alright

I went for a walk in the park  
And saw an old man dying  
His lunch fell on the grass  
And a sparrow came flying

Don't worry!

Don't worry!

Don't worry!

The end lies in the future

I look around and see

It's happening to you

One day it'll happen to me

Don't worry!

Don't worry!

refrein:

There'll be sunny days

There'll be rainy days

It's all the same

Don't worry, goodnight, sleep tight
