Diamonds & Gold (feat. Verse Simmonds)

[Kid Ink](#)

Baby it's nothin', if you need somethin'
Know I'm good for it, I can put that on everything
I put it up, 'cause baby keep frontin'
You could have it all right now
You know I'm good for it
I put you in diamonds & gold, I put it up, I put it up
I put you in diamonds & gold, I put it up, I put it up
I put you in diamonds &Anything you want, know I put it up
Even when you ain't being good enough
Ain't trickin' if you got it what they all say
Have you ever been shoppin' sippin' Rosã©?
Girl ain't no need to be shy
You, already shine like a bag full of diamonds
Go on show it off, fuck comments
You ain't just checkin' for a nigga with a check full of commas
I know, look around, everything gold
You could try in on but everything goes
Walk up in the store with ya, everything sold
My little shopaholic, I tell herBaby it's nothin', if you need somethin'
Know I'm good for it, I can put that on everything
I put it up, 'cause baby keep frontin'
You could have it all right now
You know I'm good for it
I put you in diamonds & gold, I put it up, I put it up
I put you in diamonds & gold, I put it up, I put it up
I put you in diamonds &Nothin' but the best, sittin' on your flesh
Baby go ahead and flex on your girlfriend
Diamonds and gold, no Sterling
Passport flights, lemme take you on a whirlwind
Pool party at the crib in La Perla
Slumber party at the crib in La Perla
They body murder, go on kill 'em off then
GPS you know just where the mall is, often
Yeah they know my name in this mothafucka often
You ain't seen nothin' yet, girl that's what they all say
Bossin' up, I could afford it
Bad ass bitch but she know I'm good for it
I tell herBaby it's nothin', if you need somethin'
Know I'm good for it, I can put that on everything

I put it up, 'cause baby keep frontin'
You could have it all right now
You know I'm good for it
I put you in diamonds & gold, I put it up, I put it up
I put you in diamonds & gold, I put it up, I put it up
I put you in diamonds &I said I put you in diamonds &
It's nothin', you know that I got it babe
I said I put you in diamonds &
Just say that you want and you got it babe
I tell herBaby it's nothin', if you need somethin'
Know I'm good for it, I can put that on everything
I put it up, 'cause baby keep frontin'
You could have it all right now
You know I'm good for it
I put you in diamonds & gold
I put you in diamonds & gold
I put you in diamonds &
