Spanish Guitar

Alexandre Pires & Tony Braxton

sapnish guitar - lyric
As I sit here and play
My spanish guitar
Underneath the stars,
It passes the time away.
Each note I play
Is a memory of Spain,
The melodies they take me back there again
[guitar]So as I sit here and play
On my old spanish guitar,
Each note I play
Just sails away.

And it brings me closer
To that spanish senorita.
Oh, she's so far away.
[guitar]As I sit here and play
Underneath the stars,
It passes the time away
And brings me closer
To my spanish holiday.
[guitar solo until fade]
