

Taste My Own Tears

Paloma Faith

What would it take for me to feel good?
I'm a dead girl walking with no shoes again
It's been a long time coming since somebody hurt me
Someone kissed me on my neck! I was addicted to your danger, but now I fall asleep
And the angels weep
It's been a long time coming since somebody move me
Someone got a hold on me And it's making me cradle
'Cause I can't stop thinking of you
Oh, nothing can save me
Can't help coming back
'Cause I don't feel nothing 'til I taste my own tears Why would I do this to myself again
Drag myself through the day while I see the end
It's been a long time coming since somebody knew me
Someone got inside my head My heart is aching with this loneliness
Tempted to call you to sleep in my bed
It's been a long time coming since somebody touched me
Someone got a hold on me And it's making me cradle
'Cause I can't stop thinking of you
Oh, nothing can save me
Can't help coming back
'Cause I don't feel nothing 'til I taste my own tears Baby, baby, baby, I'm a month to a flame
When I'm evil, I can't hold myself back
This love won't be tamed, baby, baby, baby
It's making me crazy
'Cause I can't stop thinking of you
Knowing nothing can save me
Can't help coming back
'Cause I don't feel nothing 'til I taste my own tears That is making me crazy
I cannot stop thinking of you
Oh, and nothing can save me
Can't help coming back
'Cause I don't feel nothing
No, I don't feel nothing
Said I won't feel nothing 'til I taste my own tears oh oh oh oh
