

Cut, With the Night, Into Mine Heart

Leviathan

Cut, With The Night, Into Mine Heart From the land of loveless

Knowledge born of Darkness

Mine Forest Burned to the ground

Burned to the floor long ago

Cutting the night from mine heart

Basking silent in hatred

Rinsing, Rising

Proselytized to hatred

Steal on the thief

Bearer of 666 diseases

Fuck, with the night, into mine heart

Cut, with the night, into mine heart!
